- Finding ways to reinforce learning at home by engaging with your child's interests and what they are learning at school.
- Working together with educators and staff to support your child's development
- Respectfully sharing compliments, feedback or suggestions through your school

Your responsibility:

You play a key role in supporting your child's education by creating a positive learning environment for our students and engaging with our school in a respectful way. This involves:

- Understanding the environment and constraints school staff work with, including working hours and availability
- Acting in a way that creates a safe and welcoming environment
- Working in partnership with the school to promote your child's learning

The Wellbeing, Health and Engagement Division of the Education Department have provided the following advice.

Stay well this winter!

Symptoms of influenza (flu) can hit very quickly and may last several weeks. Vaccination is the best way to protect yourself and others from getting the flu.

[Annual influenza vaccination](#) is recommended from mid-April each year and is free under the [National Immunisation Program](#) for those at higher risk of complications from the flu.

Keeping our school community well

Parents, carers, and students are encouraged to practice prevention measures, including:

- washing and sanitising hands regularly
- avoiding touching eyes, nose, and mouth with unwashed hands
- covering nose and mouth when coughing or sneezing
- staying home if unwell and consulting a general practitioner (GP) or [Nurse-on-call](#) as required
- staying up to date with flu and COVID-19 vaccinations.

Flu vaccinations

Flu vaccinations can be booked through GPs and pharmacies, many of which can also provide COVID-19 vaccinations. Flu vaccination is recommended for everyone aged 6 months and over. Some people are more at risk of complications from flu and are eligible for free vaccination as part of the [National Immunisation Program](#).

COVID-19 booster

The 2023 COVID-19 booster dose is available for everyone aged 18 and above.

Getting your booster dose remains the best way to prevent severe illness or hospitalisation, especially in people aged over 65 and those at higher risk of severe illness.

You can have your booster dose 6 months after your last dose or COVID infection.

Children aged between 5 and 17 years who are at risk of severe illness can also receive a 2023 booster dose.

You can get your next dose at your local pharmacy or GP. To find one near you, refer to the [vaccine clinic finder](#).

Prep bags 2023 survey

Have your say about this year's Prep bags in a short survey, closing Sunday 9 July

Each year, the Department of Education gives every Prep student attending a Victorian government school a bag full of goodies to celebrate this milestone in their education journey. The information and educational resources in the bags are designed to help Prep students and their families thrive from the start of Term 1.

The department is inviting parents and carers of current Prep students to participate in a short survey about the 2023 Prep bags, by 5 pm on Sunday 9 July 2023.

Your feedback will help the department learn what families liked about the Prep bags and what can be improved in 2024.

You can have your say at [2023 Prep Bags – Evaluation Survey](#).

The survey takes 5 to 10 minutes to complete, and responses are anonymous.

For more information on this year's Prep bags, refer to [Prep bags](#).

كما ورد في النشرة الإخبارية الأسبوع الماضي ، حضر عدد كبير من أولياء الأمور العرض التقديمي حول السلامة الإلكترونية eSafety. تم تزويدهم بمعلومات مفيدة حول كيفية البقاء بأمان عبر الإنترنت.

قدمت السيدة فرنانديز بعض روابط الأمان الإلكتروني (انظر أدناه) لتقديم المشورة حول كيفية مساعدة الآباء لأطفالهم على فهم ما يجب عليهم فعله إذا واجهوا تنمرًا عبر الإنترنت.
